

PowerShield Surge Protection

Single Surge Filter with Tel protection

- Amps: 13,500A @8/20uS
- Joules: 345J @10/1000uS
- Response time: < 25 nanoseconds
- Telephone-fax-modem: 10,000A @8/20uS
- 1 year Warranty

PowerShield ZapGuard Double Surge PSZ2

- Amps: 13,500A @8/20uS
- Joules: 345J @10/1000uS
- Response time: < 25 nanoseconds
- 1 year Warranty

PowerShield Zapguard 6 way with Telephone Protection

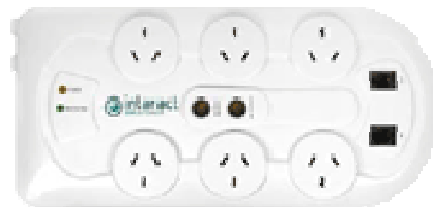

PSZ6T

- Amps: 54,000A @8/20uS
- Joules: 1380J @10/1000uS
- Response time: < 1 nanoseconds
- Telephone-fax-modem: 10,000A @8/20uS
- 5 year Warranty

Zapcatcher 33 - 6 way power filtration board with telephone and AV protection ZAP33

- Peak energy absorption: 900 Joules @10/1000uS
- Peak current: 33,000 Amps @8/20uS
- Noise attenuation: 40dB+ @2MHz
- Response time: 1-3 nanoseconds typical
- Number of data devices protected: 1, phone-fax-modem
- Maximum Peak current: 15kA @8/20uS
- Number of Aerial lines protected: 1, Coaxial Aerial
- Life Time Warranty

Zapcatcher 55 - 6 way power filtration board with Phone, AV and Network Protection ZAP55

- Peak energy absorption: 1500 Joules @10/1000uS
- Peak current: 55,000 Amps @8/20uS
- Noise attenuation: 50dB+ @2MHz
- Response time: 1-3 nanoseconds typical
- Number of data devices protected: 2, phone-fax-modem
- Maximum Peak current: 15kA @8/20uS
- Number of network lines protected: 1 Cable (4 lines (2 pairs, 1/2 + 3/6))
- Maximum Peak current: 143A @8.2V
- Number of Aerial lines protected: 1, Coaxial Aerial
- Maximum Peak current: 5kA @8/20uS
- Life Time Warranty
